Education

- **Victoria University of Wellington** Wellington, NZ
BScHons, Mathematics 2022
 - First class honours.
 - Thesis titled “Countable and Dependent Choice Equivalences in Topological Groupoids”.
 - Supervisor: Prof. Lisa Orloff Clark.
- **Victoria University of Wellington** Wellington, NZ
MSc, Mathematics 2024
 - Distinction.
 - Thesis titled “Actions of Inverse Semigroups and their Ample Groupoids”.
 - Supervisors: Prof. Lisa Orloff Clark & Dr. Ilija Tolich.
- **Victoria University of Wellington** Wellington, NZ
PhD, Mathematics 2025 - 2028
 - Thesis titled “Conjugacy of local homeomorphisms on totally disconnected spaces”.
 - Supervisors: Dr. Becky Armstrong and Prof. Lisa Orloff Clark

Work Experience

- **Voting Issuing Officer** Wellington, NZ
Electoral Commission 2020
 - Issued New Zealand voters with voting papers, verifying their identity and checking electoral rolls/address books.
 - Interacted with and communicated with a large variety of people, including voters that didn’t speak English, and voters that were deaf.
 - Completed other tasks such as two days of training, setting up and taking down voting stations, and organizing all the documents at the end of election day for submission.
- **One-on-One Math Tutor** Wellington, NZ
MyTuition 2020 - 2023
 - Private Math tutoring online and in-person with high-school aged students, primarily those sitting NCEA level 2 and 3.
 - Plan lessons, adapt lessons to the needs of students, carry out student evaluations, and communicate effectively with parents.
- **Mathematics Research Assistant** Wellington, NZ
Victoria University School of Mathematics and Statistics 2021 - 2022
 - Worked under the supervision of Prof. Lisa Orloff Clark carrying out research for roughly 250 hours over the summer.
 - Project investigated a groupoid approach to the Baire Category Theorem and the Axiom of Choice.

Teaching and Tutoring

MATH132 Intro to Mathematical Thinking	Tutor	Victoria University of Wellington	2024
MATH151 Algebra	Tutor	Victoria University of Wellington	2024
MATH161 Discrete Mathematics	Tutor	Victoria University of Wellington	2024
MATH251 Linear Algebra	Tutor	Victoria University of Wellington	2024
MATH161 Discrete Mathematics	Tutor	Victoria University of Wellington	2025
MATH261 Groups and Graphs	Tutor	Victoria University of Wellington	2025
MATH251 Linear Algebra	Tutor	Victoria University of Wellington	2025
MATH324 Coding & Cryptography	Tutor	Victoria University of Wellington	2025
MATH161 Discrete Mathematics	Tutor	Victoria University of Wellington	2026

Awards and Scholarships

Level 3 NCEA Statistics School Prize	2018
Nelson College Prefect	2018
Victoria University Tangiwai School Leaver Scholarship	2018
Mensa NZ Tertiary Scholarship	2018
Victoria University Science Faculty Dean Honour List	2019 - 2021
Geoffrey A. Rowan Memorial Bursary	2021
Marsden PhD Scholarship (PI: Dr. Becky Armstrong)	2025 - 2028

Conference Participation

NZ Math and Stats Postgraduate Conference	Wellington, NZ	2023
NZMS, AustMS & AMS Joint Meeting	Auckland, NZ	2025
NZ Math and Stats Postgraduate Conference	Auckland, NZ	2025
CIMPA School - Perspectives in Non-Commutative Algebras*	Anhui, China	2025
* Invited but unable to attend due to illness.		
MATRIX Workshop - Combinatorial *-Algebras	Creswick, Australia	2026

Talks

“Inverse semigroup actions and their ample groupoids”	2025
NZMS, AustMS & AMS Joint Meeting	
“Conjugacy of local homeomorphisms on totally disconnected spaces”	2025
NZ Math and Stats Postgraduate Conference	
“Adjoint functors – a brief introduction”	2025
Victoria University Postgraduate Mathematics Seminar	
“Conjugacy of totally disconnected Deaconu–Renault systems”	2026
MATRIX Workshop - Combinatorial *-Algebras	
“Groupoid isotropy, the Baire Category Theorem, and Choice”	2026
Victoria University Operator Algebras Seminar	

Research Interests

Topological groupoids and twisted groupoids, inverse semigroups, Steinberg algebras, dynamical systems and their operator algebras, non-commutative dualities.

Skills

Personal Skills : excellent attention to detail, strong written/verbal communication skills (particularly grammar/editing/layout and presentation), talented at problem solving and streamlining processes, comfortable working in a team or independently, great at taking initiative, fast and effective learner.

Technical Skills : confident with MS Office applications, wide experience with various technologies and computer systems, proficient with L^AT_EX, entry-level experience with Python and Java.
